#### TERMS AND CONDITIONS OF SALE

LISTINGS: We have listed all material under their botanical names as given in Standardized Plant Names. Immediately following the botanical name, we have endeavored to give the average ultimate height that the plant may be expected to attain. Of course this will vary according to climatic and soil conditions. See Index of Common names in back of book.

PRICES: Prices in this book cancel all previous listings. Prices are based on our selection from first class nursery row material; individual selection of plants by customer, or specimen plants will carry an additional charge of 25%.

**TERMS:** 2/10 — net 60 are offered to those of established credit. References are required from customers desiring to open accounts. When ordering, please furnish proof of trade connections.

GOODS IN TRANSIT: All goods are at purchaser's risk after they are delivered to the forwarding companies and we receive their receipts for the shipment in good condition. Packing charges are at cost.

**DELIVERY:** All material sold f. o. b Nursery; no extra charge for loading bulk trucks or car lots. Truck deliveries can be arranged.

CLAIMS: Must be made within 10 days after receipt of material.

SPECIAL NOTICE: Stock booked subject to prior sale, and to condition of stock at delivery date. In no case will we accept any monetary responsibility on the loss of plant material, but we assure our customers that all just complaints will be cheerfully considered.
